

## Grootrondstempels vroegste en laatste datum van gebruik

Samengesteld door Cees Janssen, Nederlandse Academie voor Filatelie

Bijgewerkt tot en met 13 mei 2017

### Inleiding

Het zoeken naar de vroegste en laatst bekende data van gebruik is door verzamelaars van afdrukken van stempels een bekende bezigheid. Vele verzamelaars hebben voor zichzelf al overzichtjes gemaakt met de door hen gevonden data. Ten behoeve van verzamelaars van stempelafdrukken van de zogenoemde grootrondstempels is een overzicht samengesteld waarin de data zijn opgenomen die voorkomen in de eigen verzameling. Tevens zijn vele data ontvangen van andere verzamelaars. Graag verzoek ik verzamelaars van afdrukken van deze stempels hun gegevens te controleren en latere data van gebruik te melden voor opname in dit overzicht.

### Toelichting:

- De kolom 'vroegste datum' betreft de datum waarop het grootrondstempel werd verstrekt volgens de aantekening in het stempelboek.
- De kolom 'laatste datum' geeft de data aan die gemeld zijn door verzamelaars van afdrukken van de grootrondstempels.
- De vermelding van een datum en de letters **pk** na de kantoornaam in de kolom postkantoren geeft aan, wanneer het hulppostkantoor werd bevorderd tot postkantoor.
- Na verstrekking van het (eerste) typenraderstempel (langebalk of kortebalk) werd in vele gevallen het grootrondstempel doorgebruikt. De laatst bekende datum van gebruik nadat het typenraderstempel is verstrekt, is *cursief* weergegeven.
- De vermelding van een kantoornaam in de kolom 'Typenrader' betekent, dat géén typenraderstempel met de benaming opgenomen in het grootrondstempel van dat kantoor is verstrekt. Dit komt bijvoorbeeld voor als de benaming van het betreffende kantoor is gewijzigd. De datum van verstrekking is bij de gewijzigde benaming opgenomen.
- pk: Het hulppostkantoor is bevorderd tot postkantoor.
- ps: Het hulppostkantoor is gedegradeerd tot poststation.
